Special Rules

1. Animals must be registered in the herd book of the American Red Brangus Association (ARBA) and have legible brand that corresponds with the registration papers. Owner must be a member in good standing of the ARBA. The ARBA has the right to verify age of any animal exhibited. The ARBA Open Show Committee Chairman and Committee Members have the authority to sift out any animal they determine does not meet the Standard of Excellence. All decisions are final.
2. Animals must be entered and exhibited under the recorded ownership at the time of the show's entry deadline. Jointly owned animals must be entered under the joint ownership.
3. Animals must be polled. Heads of all animals will be clipped close to the skin (hair less than ¼") and be free of scurs.
4. Surgical removal of scurs is a disqualification. Any animal found to have scars or evidence of incision, surgical or otherwise, in the following areas – head, navel, testicles, sheath, or dewlap – will be disqualified.
5. No animal will be shown that has any glue or adhesives or any foreign objects glued to or otherwise attached in a manner so as to alter the conformation or change its appearance. The dyeing or artificial changing of the overall natural color of an animal is prohibited. ARBA Open Show committee Chairman and Members will inspect all entries before entering the show ring.
6. Animals will be solid red with pink nose. Animals may not be brindled, black, or have excessive white or white in front of the navel.
7. Females 24 months or age or older must have a certificate of pregnancy issued by a licensed veterinarian available for inspection or have a calf at side and be lactating with the exception of those in an embryo donor program, which may be open with 90 days of show date. After 90 days they must be bred. A veterinarian's certificate of such embryo work must be presented. Calves at side must meet registration requirements of the ARBA, be natural calf of cow, and cow must be in lactating stage.
8. Bulls 18 months of age or older must have passed a fertility examination within 120 days of show date.
9. All bulls must be shown with a nose lead or nose ring with lead except for bull calves by the side.
