

## Registration Instructions for Clubs

4-H Clubs and FFA groups are registered as a group online with the County Agent or Ag Teacher handling the registration process for the entire group.

You will need a password to process your entries. Passwords for clubs exhibiting in 2010 are the same. If you do not remember your password or you did not exhibit in 2010, contact the Fair Office (903-597-2501 or [livestock@etstatefair.com](mailto:livestock@etstatefair.com) or [dnewman@etstatefair.com](mailto:dnewman@etstatefair.com)) for your password.

As a 4-H Club or School Ag Science program, you may register your club online, but you will be allowed to submit payment by check sent through the mail and postmarked by designated deadline in the 2011 East Texas State Fair Livestock Show Catalog.

### **Reminder:**

If a student has a common name, please add a middle name or middle initial to differentiate in the ShoWorks database. It does not allow duplication of exhibitors. For example, John Smith should be registered as John E. Smith or John Allen Smith. In rare cases where two exhibitors have identical names, a 1 or 2 may be needed after the first name.
